Lessons in Leading and Mentoring

Become a more effective leader and a happier person

Harish Shivdasani

The Manager Who Became an Influencer

The Manager Who Became an Influencer promises to make leaders be more effective leaders and to transform managers into leaders, while on the personal front, become happier spouses, parents, friends and colleagues

The author combines management lessons and principles of psychotherapy to provide practical, scientific and sure-fire strategies which can be used to mentor and develop teams and their raise performance levels. The book focuses on enhancing competencies and creating a relationship of trust between peers as well as superiors and subordinates.

The book is replete with techniques of **leading, developing and mentoring** through everyday interactions which lead to mutual trust, enhanced competencies and performance. A game changer, to boost your capability to influence, succeed and be happier

Pages 95 only
